

CO2 Laser Price Guide

Nouvelle Cosmetics has uniquely developed a low downtime protocol to gently and gradually reach your results over 3 progressive treatments. This is to avoid heavy downtime treatments but instead experience a more manageable downtime where return to work can be 1-3 days following treatment.

Packages of 3 treatments are available and are valid for 12 months.

CO2 Pixel Laser

This type of CO2 will tighten pores, clear superficial pigmentation and stimulate collagen production. Results are best achieved with a course of 3 treatments. Maintenance treatments are recommended every 9-12 months. Packages available.
