

Emsella Pelvic Floor Chair Price Guide

Please let us know if you would like further information on the benefits of our Emsella Chair for pelvic floor strengthening

General Information about your Emsella session:

Emsella Chair sessions take around 30 minutes

Please wear loose comfortable clothing to sit in

Denim and Lycra are not recommended as they restrict the area due to their tight design

Ensure you have no metal on your skin from shoulders to knees as the electromagnetic stimulation from the chair will be affected.

We recommend you bring a book, or we can position your phone for you to watch or listen to, or just look at the gorgeous view of the harbour as you enjoy the downtime

Price Guide

Each session \$150

Purchase more than 4 treatments up front for a 10% discount

All packages are valid for a period of 12 months

As a guide, we recommend 6-8 treatments to start with - 2 treatments weekly

From here you will benefit from 1-2 top up sessions every 4-6 months. It is key that following your Emsella treatment, you maintain pelvic floor strength by continuing with Kegel strengthening exercises at home.

Next steps

All Emsella Chair treatments are conducted in our Newcastle clinic. Book your complimentary consultation with one of our Registered Nurses at any of our locations, to obtain a personalised treatment plan.
